Dear Mr Weinberg:

On page 431 of High Treason 2, the author makes mention of a "federal political" prison in Springfield, Missouri. "[Jack Anderson is the source indicated] I do not have a mailing address for Mr. Livingstone. Since he endorses you as an expert I am writing to respectfully request information on this "federal political prison."

a) Do you know what is its name and mailing address and when I can contact there? Do you know who has been at there?

b) How do I write to Mr Livingstone and Mr. Anderson?

c) Do you believe Oswald shot at General Walker? and left the eleven pieces of "admail" for mama? If not what do you think really did take place regarding role of Oswald in connection to Gen. Walker? and in the assassination of President Kennedy?

I hope you are well enough to take the time to respond.

All assistance you provide will be appreciated and acknowledged.

Thank you,

Dr. R. Goldberg
